**GCX Corporation Launches Spanish Website**

PETALUMA, CA (Feb. 22, 2016) – Spanish-speaking healthcare organizations seeking medical mounting solutions built for safety, durability and patient engagement now have a new resource with the launch of a Spanish-language version of the GCX Corp. website.

The new website at <http://es.gcx.com/> offers detailed product information in Spanish on a wide variety of solutions, including the new GCX over-bed Patient Engagement Table™ that accommodates tablet devices and the VHM-P™ and VHM-PL™ adjustable mounting arms for easier cleaning and cable management in today’s more technology-filled patient rooms.

“We’re excited to better serve the growing number of healthcare communities in Latin America, Spain and beyond that are seeking mounting arms, carts, workstations and rolling tables that meet medical industry standards and provide more opportunities for improved patient engagement,” said Kevin Merritt, the Director of Marketing who oversees website content for GCX.

The GCX site also includes a tab to view website content in German, French, Japanese or Chinese.

GCX medical mounting solutions are used in every major U.S. hospital, typically through OEM partnerships and are expanding into more global markets to help providers treat growing patient populations. This year also marks GCX’s 45<sup>th</sup> year anniversary providing medical device mounting solutions exclusively to the healthcare industry.

For more information on the new website or services GCX provides, visit [www.gcx.com](http://www.gcx.com) or contact Kevin Merritt, Director of Marketing, at (800) 228-2555, Ext. 713.

###

**About GCX Corporation**

GCX Corporation, based in Petaluma, Calif., has been providing medical instrument and IT mounting solutions for the healthcare industry since 1971. It sells directly to hospitals as well as through original equipment manufacturers (OEM). Major product lines include wall mounts, roll stands, ceiling mounts, countertop mounts, pole mounts, and a variety of mounting accessories. GCX mounting solutions feature space-saving, ergonomic designs to improve both equipment and patient access. The company has offices in North America, Europe and Taiwan. It also operates warehouse and production facilities in Petaluma; El Paso, Texas; and New Taipei City, Taiwan. For more information, visit [www.gcx.com](http://www.gcx.com).
